PAIN MANAGEMENT & PALLIATIVE CARE UPDATE

Susan Affholter, Pain Management and Palliative Care Coordinator for the Department, provided the Board with information relating to the topic of pharmacies in Michigan that carry schedule 2 medications. She advised that a confidential list of pharmacies that carry schedule 2 medications is available to pharmacies and physicians who participate in the state's MAPS program. Affholter advised that the development of this list was lead by the Advisory Committee on Pain and Symptom Management. Additionally, she advised that the Department will be distributing an informational DVD regarding the MAPS program late this fall. Mike Wissel indicated that a past study revealed that physicians wanted the ability to direct patients to pharmacies that stock schedule 2 medications.

Affholter referenced the publication "Responsible Opioid Prescribing" and advised that approximately 67,000 licensed practitioners in Michigan have been provided with same. She further advised that newly licensed practitioners will also receive this publication.

Affholter provided the Board with information from the U of M Health System regarding managing chronic non-terminal pain. She advised that on September 17, Michigan will be hosting a conference including the topics of pain policies and opioid prescribing, and highlighting various entities in the State of Michigan that are working to improve pain control and addiction issues. She stated that the keynote speaker will be Dr. Fishman who is the author of "Responsible Opioid Prescribing." Affholter also indicated that Mike Rogers will be providing a video presentation. Lastly, she briefly discussed that the Centers for Disease Control are working to bring public awareness to the epidemic of overdoses due to prescription medications. Affholter answered various questions from Board members.

Resolution Honoring Pam Gnodtke

VanBeelen read the Resolution prepared in honor of Pam Gnodtke for her service as a public member on the Board of Pharmacy.

MOTION by Senneker, seconded by Carlson, to adopt the Resolution honoring Pam Gnodtke.

MOTION PREVAILED

Department Update

Ramsdell directed the Board to the Legislative Update and highlighted SB 1384 referencing pharmacy technicians. Discussion was also held regarding SB 616 and 618 referencing the dispensing of medical marihuana and growing facilities for same. The question was raised and discussion was held regarding dispensaries that have been opened across the state. Ramsdell indicated that due to the fact that the statute does not address dispensaries, the state has no control over these facilities. Ramsdell also discussed the concern the Department has that a bona fide patient/physician relationship is not being created in the certification process of individuals applying for registration in the state's Medical Marihuana Program. She stated that the Boards of Medicine and Osteopathic Medicine and Surgery will be issuing a statement specific to the patient/physician relationship.

Ramsdell advised that the next MPJE review is scheduled for August 20. She stated that Collins, Fakhoury, Almaklani and two state inspectors will be participating in the review.
