

General Hos No 1. Dans. Ky Mar 15'/63  
Mr Comstock Sir

I received your letter of the 4 and it found me well. I have done no more than my duty to Albert. He was a good boy. I sent his close and things last week to R Comstock Ionia. I put all his things in. I did not sell his boots yesterday. I put grave stones to his grave and fixed his grave and had his name age regment com and state put on the stones so if any of his friends should ever come here they can go to his grave and if I stay here much longer I will set out some evergreen trees to his grave. I hope if I fall some kind hand will lay me in the grave. It is our common lot to die and if we die doing our duty we do well and I mean to try and do mine in the fear of god and may god bless you all is my prayer. when you get the box write and let me know. I have the express receipt and if you want to get it I will send it but if you get the things you won't need it. Yours in friendship.
