MOTION by Moy-Sandusky, seconded by Penny, to approve both the emergency and regular draft administrative rules for the PA 383 program.

MOTION PREVAILED

Schmidt expressed concern that if rules are too cumbersome to follow, few pharmacies would participate in the PA 383 program. This program, like the Cancer Drug Repository Program, may have few participants. Penny stated that the rules mirror draft rules that have been proposed by the Drug Enforcement Agency.

Advisory Committee on Pain and Symptom Management – Appointment

Susan Affholter, Pain Management and Palliative Care Coordinator, explained that every two (2) years, appointments or reappointments are made to the Advisory Committee on Pain and Symptom Management (ACPSM.) She asked the Board to consider reappointing Dr. Claire Saadeh to the ACPSM.

MOTION by Schmidt, seconded by Carlson, to appoint Dr. Claire Saadeh to the ACPSM.

A voice vote followed.

MOTION PREVAILED

Affholter provided updates from the Pain Management and Palliative Care Program. Several handouts were available for board members to take with them.

Affholter announced several upcoming conferences/trainings covering topics such as improving pain management, opioid prescribing, using the Michigan Automated Prescription System (MAPS), addressing the disease of addiction through thorough patient assessment, and the use of risk management tools. Anyone interested in additional information may email the Department.

NABP 109th Annual Meeting

Almaklani stated that Penny, Almaklani and Smeelink attended the (NABP) National Association of Boards of Pharmacy meeting, held in St. Louis, Missouri on May 18-21, 2013. He commended Smeelink for providing an Educational Poster for the Educational Poster Session, and he summarized other topics of discussions.

Department Update

Lind advised that the Bureau is looking at new ways to save money. She stated the Bureau will eventually transition to providing paperless minutes, and we continue to research technological options such as storing cases online with a log-in or sending cases via email.

Rosenthal informed that at the next meeting, DSC members will receive a disk, instead of written transcripts, pertaining to a case.

PUBLIC COMMENT

Mike Wissel commented on the amount of participants in the Michigan Cancer Drug Repository program and the significance of the Administrative Rules for PA 383.

Christopher Pencak commented about the process for expunging disciplinary actions from state records. He believes the Board has the authority to expunge records, which is in conflict with what he has been advised by the Bureau.
