CENTER FOR EDUCATIONAL  
PERFORMANCE AND INFORMATION

IN THIS ISSUE:

- [MSDS Deadline Reminders](#)
- [MSDS Section 31a Reporting](#)
- [MSDS Early Childhood \(EC\) End of Program \(EOP\) 2018 Collection Information](#)
- [GSRP Data Collection Updates](#)
- [New SID Data Fields](#)
- [REP Resource Reminder](#)
- [Data Systems Second Quarter Training Registration](#)
- [MI School Data News](#)
- [Connect with CEPI](#)

CEPI Announcements are sent on the first and third Wednesday of the month. [Prior announcements are available on our website.](#)

Education matters. Discover what's working in Michigan at [MI School Data](#).

### MSDS Deadline Reminders

The Michigan Student Data System (MSDS) Spring 2018 General Collection deadlines are below:

- Certification Deadline: March 28 at 11:59 p.m. EDT

For more information about each deadline please click on the following link: [Submission and Certification Deadline Information.](#)

### MSDS Section 31a Reporting

Last fall the Michigan Department of Education (MDE) provided guidance that districts should not report Section 31a in the Program Participation Component in the Fall 2017 MSDS General Collection due to changing legislation. For accountability purposes, a pupil must be identified in two of the three MSDS General Collections. For the 2017-18 school year, this means your Section 31a students must be reported in the Spring 2018 and End-of-Year (EOY) 2018 collections.

For more information see the Frequently Asked Questions in Resources on the [MDE Section 31a At-Risk website.](#)

### MSDS Early Childhood (EC) End of Program (EOP) 2018 Collection Information

Important dates for the MSDS [EC EOP 2018 Collection](#) are below. Please note the tentative open date of April 4, 2018; it is likely the collection will not open until later due to collection updates. See the announcement titled "Great Start Readiness Program (GSRP) Data Collection Updates" below for more information. There will be an update in the CEPI Announcements on April 4.

Important Dates:

- Collection Open: April 4 (tentative)
- Reporting Period: Feb. 10 through Aug. 9
- Mid-collection data quality snapshot: Aug. 2 (**tentative**)
- Certification Deadline: Aug. 15, at 11:59 PM EDT

If you have questions regarding EC collections, click the link to the collection web page above.

### GSRP Data Collection Updates

CEPI and MDE are excited to announce our partnership in integrating GSRP eligibility and qualifying factor information into the MSDS. Starting with the EC EOP 2018 Collection, the child-level information previously reported in MEGS+ on the GSRP Child Information and Staff Report (CISR) must be reported in the MSDS. The fields reported on the 2016-17 CISR now collected in the MSDS are: "Additional Risk Factors", and "Working Parents", along with "Qualifying Factors". All other child fields are already collected in MSDS.

Please read the [Child Information Reporting Memo](#) on the MDE website for more information.

### New SID Data Fields

The upcoming EOY 2018 School Infrastructure Database (SID) collection will have four new data fields. Per state law, the following fields will be required in the EOY 2018 collection:

- Instances of administration of an opioid antagonist to a pupil
- Instances of administration of an epinephrine auto-injector to a pupil in a school year
- Pupils who were administered an epinephrine auto-injector who were not known to be severely allergic
- Pupils who were administered an epinephrine auto-injector using the school's stock
