## Chairperson Report

Ozkan discussed the annual report. He informed the Board he recently reviewed Alaska's revamped rules for continuing education and sponsorship. He really liked the changes they made and encouraged the board to review the annual report and Alaska's rules. Ozkan thanked the allegations committee for all of their hard work with the increase in the number of allegations to review.

## Department Update

Siracuse had a question for the Board regarding licensure. Apparently there are several applications without an internship, this is partly due to the lack of approved internships available. Siracuse asked the Board if they would like to develop a list of approved pre post- doctorate internships for our licensing department to use as a guide; or, would the Board like to review on an individual basis? At this time the Board chooses to review individually, if it becomes excessive they will consider developing a guide for the department.

## PUBLIC COMMENT

Diane Blau, representing the Michigan School of Professional Psychology, informed the Board they are eagerly waiting to hear if their program has been approved. She states they had a great visit. She also added to the conversation regarding our FAQ on our website the need to add when the continuing education hours start counting for licensees. She states it is a frequently asked question.

Patricia Delvin, U of M Professor, Jason Mosher, MSU faculty, and Ryan, a PhD student, addressed the Board regarding the need to expand the accreditation for pre ~~post~~-doctoral opportunities.
