ASPPB Annual Meeting Update

Ver Merris reported that he attended the ASPPB meeting recently held on October 13 thru 17 in Savannah, Georgia and indicated that the sessions were very informative. He advised that the ASPPB is celebrating its 50 year anniversary.

Ver Merris referenced that the ASPPB has completed its model licensure act, which includes a residency requirement, and is making efforts towards recommending guidelines for competency assessment. He reported that the model licensure act is available on the ASPPB web site. VanBeelen will provide a copy of same to the Board.

Ver Merris stated that a review of the EPPP exam was held and a presentation on telepsychology was provided. He indicated that he received information that some states are issuing a separate license which would allow the practice of telepsychology across state lines. Ramsdell stated that in the states which allow telemedicine the limited license is specific to where the patient is located and the limited license is issued specifically for that reason.

Ver Merris reported that mobility of licensure between states was discussed. He stated that a dilemma arises due to the fact that 10 states have dropped the one year post doctorate supervision requirement.

Ver Merris indicated that the ASPPB is working on a CPD model which is in line with the Michigan Model.

Rules Committee Update

Ver Merris stated that the rules committee continues to make good progress and the committee will meet today. The committee is researching whether or not the self-assessment portion of the CPD will be discoverable in the event a malpractice lawsuit is filed against a licensee. The committee will also be holding conference calls in the future to continue progress.

Chairperson's Report

No additional report.

Department Update

None.

REGULATORY CONSIDERATIONS

Charles A. McPhail, PhD – Proposal for Decision

Flores recused himself from the matter.
