The Student Record Maintenance (SRM) Collection in the MSDS will not open today for the Graduation Rate Appeals Window as planned.

CEPI provided a window to correct data from the EOY General Collection based on feedback in the data quality emails. That correction window closed at 11:59 p.m. on July 18, however one district did not certify their data. As a result, the collection closeout process that was scheduled to be completed over the weekend could not be started until this morning. Therefore, the MSDS will be offline until approximately 9:00 a.m. EDT while this maintenance is performed. We will send another communication when the system is online and the SRM Collection window is available.

Thank you,

CEPI
