Form 1656

The Detroit News

Ap 19, 1-5

Mayor Smith vetoed resolution, Ap 19, not upon desirability of bridge but on ground it violates state const. as based on day-to-day plan for temporary structure without sufficient power of city of Det. & business interests to have voice in matter; says such agreement should not be made in connection with permanent structure of such vast importance

Ap 20, 1-6

Council referred vetoed resolution to Corp. Counsel C.P. O'Neil for further statement of legal problem; to override Mayor's veto 2/3rds vote, 6 to 3, necessary; John C. Nagel says city has day-to-day agreements on public utilities involving 10 or 15 times as much money as bridge will involve

Ap 21, 24-1

People to vote on proposition, says J.C. Lodge; says there was never any intention to grant franchise without vote of people; says work can 1st start on Can. side, while details being worked out on Det. side
