

Center for Educational Performance and Information (CEPI)

The Great Seal of the State of Michigan is a large, circular emblem in the background. It features a central shield with a blue field containing a white eagle with its wings spread, perched on a globe. The shield is flanked by two golden lions. Above the shield is a red banner with the Latin motto "E PLURIBUS UNUM". Below the shield is a white banner with the Latin motto "SI QUERIS PENINSULAM AMENAM". The entire seal is encircled by a red border with the text "THE GREAT SEAL OF THE STATE OF MICHIGAN" at the top and "A.D. MDCCCXXXV." at the bottom.

Executive Summary for School Year 2018-19

Statewide Highlights:

- The statewide 4-year graduation rate improved by .77% from 80.64% to 81.41%. Throughout the past decade the graduation rate has increased 5.46% with increases in eight out of 10 years.
- Michigan is 3.19% below the national rate (84.6%) from the most recently available data for 2016-17.
- The 4-year graduation rates increased by 2.17% statewide for the Hispanic subgroup and by 1.27% for students who identify as multiracial.
- The gender gap continues to shrink to a current difference of 6.66%, down from the largest difference of 9.75% in 2010-11.
- The 4-year dropout rate decreased slightly to 8.36% from 8.73% the previous year. Throughout the 10-year trend this is down from a high of 11.13% in 2010-11.
- The 5- and 6-year graduation rates continued to improve against rates reported last year as well.
- Twelve of the 20 largest school districts in the state had increases in their 4-year graduation rates with Warren Consolidated Schools increasing the most by 6.41% to 88.24%.
- Twenty school districts had a perfect 100% 4-year graduation rate for 2019.
- Statewide, 432 school districts had a 4-year graduation rate above 80% this year, which is an increase from 419 last year.
- A total of 684 schools had a graduation rate equal to or above 80%, including 94 schools with a 100% graduation rate.
- Across the state, 516 schools saw an increase in graduation rates, 244 schools saw no change from last year's rate and 525 schools had lower graduation rates than the previous year.

(See charts on next page)

Executive Summary Continued

Additional supporting data can be found at MI School Data's Grad/Dropout page.

Overview of Michigan's Cohort Graduation and Dropout Rates

Michigan uses an adjusted cohort graduate rate methodology in which a graduation rate includes only "on-time" graduates who earn regular diplomas within four years of entering high school. This calculation meets the guidelines provided by the National Governors Association (NGA) Graduation Counts Compact for the calculation of such rates as well as the 2008 federal High School Graduation Rate Non-Regulatory Guidance.

The formula for the calculation of 2019 graduation rates is possible because school districts have been tracking the enrollment of individual students since those students first enrolled in the ninth grade, in the 2015-16 school year, and have reported those data to the Center for Educational Performance and Information (CEPI). The gathering of this information at a statewide level allows CEPI to help districts track enrollments to reflect "transfers in" and "transfers out" of the districts, as well as students who exit from the public education system itself, over the course of four years.

Along with cohort four-year graduation and dropout rates, CEPI also calculates cohort five-year and cohort six-year graduation and dropout rates.

These data are submitted through the Michigan Student Data System (MSDS) throughout the school year. For more information on the business rules and methodology described in this document, please reference the MSDS Collections Details Manual found on the MSDS Web page (www.michigan.gov/cepi/0,4546,7-113-986_50502---,00.html.)

2019 Cohort Four-Year Graduation Rate

The total number of students who were identified as first-time ninth graders in fall 2015 formed the initial 2019 cohort. Students who transferred into the state, a district or a building at any time during the four-year period were added to the initial group. Students who moved across public schools were considered "transfers out" of the district/building they left and "transfers in" to the district/building they entered. Students who exited the public school system entirely (out of state, to nonpublic school or to home school) at any time during the four-year period are considered "exempt" and are removed from the cohort. Deceased students are also exempt.

To calculate the 2019 cohort four-year graduation rate, students are placed into one of five categories based on district reporting:

1. On-Track Graduated - completed high school with a regular diploma in four years or less; or if enrolled in an early/middle college, completed high school with a regular diploma AND an associate degree or other advanced certificate in five years or less.
2. GED Completer - earned a GED certificate.

3. Other Completer - received a special education certificate of completion, earned another certificate, or reached special education maximum age.
4. Off-Track Continuing - did not complete high school in four years and is still continuing in school.
5. Dropout - left high school permanently at any time during the four-year period, or whereabouts are unknown*.

**Exit status codes 08 (transfer), 19 (continuing) or 42 (graduated from another district) do not automatically count as a dropout. These codes only result in a dropout status if the student record is not reported by the new district (08), by the same district (19) or by the graduating district (42) in the subsequent collection. This indicates the student has a missing expected record (MER) and the whereabouts of the student are unknown.*

A student is counted toward the graduation rate of the final building and/or district that the student attended during the four-year period. The number of "On-Track Graduated" students is used as the numerator and divided by the total count of all cohort status categories.

The following formula is utilized for calculating the cohort four-year graduation rate:

$$\frac{\text{On-Track Graduated}}{\text{2019 Cohort Total}}$$

2019 Cohort Four-Year Dropout Rate

There is no national standard for calculating cohort four-year dropout rates.

Michigan has chosen to maintain consistency by using the cohort methodology recommended by NGA and USED to calculate this rate as well. A dropout rate is not equivalent to subtracting the graduation rate from 100 percent, because that method would count students who are classified as "Other Completers", "GED Completers" or "Off-Track Continuing" as dropouts, which they are not. The 2019 cohort four-year dropout rate is calculated using this formula:

$$\frac{\text{Dropouts}}{\text{2019 Cohort Total}}$$

Reading the 2019 Cohort Four-Year Graduation and Dropout Rate Report

The 2019 cohort four-year graduation and dropout rate report includes data for the state, every district and every building from which students graduate, and is divided into eight columns.

Table 1

Column Name	Column Definitions
District/Building Name (Code)	The first line of the report shows the State of Michigan rates, followed by an alphabetical listing of local education agencies (LEAs), then public school academies (PSAs) and intermediate school districts (ISDs). The district-level data are identified in shaded rows. The buildings that constitute the district appear below the district name in non-shaded rows that are slightly indented.
Cohort Size	Total numbers of students in the 2019 cohort for the state, for each district and for each building after adjustments were made for transfers in, transfers out and exempt students.
On Time Graduates	Total number of students in the 2019 cohort who completed high school with a regular diploma in four years or less; or if enrolled in an early/middle college, completed high school with a regular diploma AND an associate degree or other advanced certificate in five years or less.
Dropouts	Total number of cohort students who left high school permanently at any time during the four-year period, or whose whereabouts are unknown (MER).
Continuing in School	Total number of cohort students who: <ul style="list-style-type: none"> - Did not complete high school in four years and are still continuing in school OR - Were enrolled in an early/middle college and only obtained a high school diploma in more than four years.
Other Completers	Total number of cohort students who earned a GED or other certificate, or reached special education maximum age.
Graduation Rate	The percentage, calculated as On-Track Graduated divided by the 2019 Cohort Total, of the total number of students in the 2019 cohort who completed high school with a regular diploma in four years or less.
Dropout Rate	The percentage, calculated as Dropouts divided by the 2019 Cohort Total, of the total number of students in the 2019 cohort who left high school permanently at any time during the four-year period, or whose whereabouts are unknown.

Other Indicators:

- "< 10" indicates that there were less than ten or zero students in the cohort or in a status at the building for two count days or the district for one count day.
- "*" indicates that the building/district has closed.
- "^" indicates that the building solely serves court-placed students. The total number of students in the building's cohort may be larger than the total in the district's cohort, as these students are not counted at the district level.
- "#" indicates that the district does not graduate students. There are either no students or no 12th graders in the cohort population counted at the district. The graduation rate and dropout rate columns will display "N/A".

- "N/A" indicates "Not Applicable" for districts that do not graduate students (see "#" designation above) or for buildings that are state schools.

2018 Cohort Five-Year Graduation and Dropout Rates

Along with cohort four-year graduation and dropout rates, CEPI also calculates cohort five-year graduation and dropout rates. The five-year graduation rates include the students who were categorized as "off-track" at the end of four years and graduated in the fifth year with a regular high school diploma. The five-year graduation rate is calculated in the same manner as the four-year rate, with the addition of students who graduated in the fifth year (Off-Track Graduated) in the numerator. "On-Track Graduated" and "Off-Track Graduated" are the numerator and divided by the total of all categories (On-Track Graduated, Off-Track Graduated, Off-Track Continuing, Other Completer and Dropout). Transfers-in and out during that fifth year are accounted for as well. The total of the categories is the 2018 Cohort Total:

$$\frac{\text{On-Track Graduated} + \text{Off-Track Graduated}}{\text{2018 Cohort Total}}$$

The cohort five-year dropout rate is calculated in the same manner as the four-year rate, with the addition of students who dropped out of high school in their fifth year. Transfers-in and out during that fifth year are accounted for as well.

$$\frac{\text{Dropouts}}{\text{2018 Cohort Total}}$$

Reading the 2018 Cohort Five-Year Graduation and Dropout Rate Report

The 2018 cohort five-year graduation and dropout rate report includes data for the state, every district and every building from which students graduate, and is divided into eight columns.

Table 2

Column Name	Column Definitions
District/Building Name (Code)	The first line of the report shows the State of Michigan rates, followed by an alphabetical listing of local education agencies (LEAs), then public school academies (PSAs) and intermediate school districts (ISDs). The district-level data are identified in shaded rows. The buildings that constitute the district appear below the district name in non-shaded rows that are slightly indented.
Cohort Size	Total number of students in the 2018 cohort for the state, for each district and for each building after adjustments were made for transfers in, transfers out and exempt students.

Column Name	Column Definitions
On Time and Late Graduates	<p>On Time Graduates: Total number of students in the 2018 cohort who:</p> <ul style="list-style-type: none"> - Completed high school with a regular diploma in four years or less OR - Were enrolled in an early/middle college and completed high school with a regular diploma AND an associate degree or other advanced certificate in five years or less. <p>Late Graduates: Total number of students in the 2018 cohort who:</p> <ul style="list-style-type: none"> - Completed high school with a regular diploma in more than four years OR - Were enrolled in an early/middle college and completed high school with a regular diploma AND an associate degree or other advance certificate in more than five years OR - Were enrolled in an early/middle college and only obtained a regular high school diploma in more than four years.
Dropouts	Total number of cohort students who left high school permanently at any time during the five-year period, or whose whereabouts are unknown (MER).
Continuing in School	Total number of cohort students who did not complete high school in five years and are still continuing in school.
Other Completers	Total number of cohort students who earned a GED or other certificate, or reached the special education maximum age.
Graduation Rate	The percentage, calculated as On-Track Graduated + Off-Track Graduated divided by the 2018 Cohort Total, of the total number of students in the 2018 cohort who completed high school with a regular diploma in five years or less.
Dropout Rate	The percentage, calculated as Dropouts divided by the 2018 Cohort Total, of the total number of students in the 2018 cohort who left high school permanently at any time during the five-year period, or whose whereabouts are unknown.

Other Indicators:

- "< 10" indicates that there were less than ten or zero students in the cohort or in a status at the building for two count days or the district for one count day.
- "*" indicates that the building/district has closed.
- "^" indicates that the building solely serves court-placed students. The total number of students in the building's cohort may be larger than the total in the district's cohort, as these students are not counted at the district level.
- "#" indicates that the district does not graduate students. There are either no students or no 12th graders in the cohort population counted at the district. The graduation rate and dropout rate columns will display "N/A".
- "N/A" indicates "Not Applicable" for districts that do not graduate students (see "#" designation above) or for buildings that are state schools.

Data validation and appeals process

CEPI provides an appeals window for district staff members to review and request changes to graduation and dropout information on individual students in the MSDS. From July through mid-September, districts' authorized users access the MSDS to view their cohort members and could request: 1) cohort status/year changes; 2) changes to district and building Primary Education Providing Entity (PEPE) assignment and 3) linking of multiple students' Unique Identification Codes. CEPI staff members approve or deny these requests. District staff members could submit exit status changes for students reported in the most recently completed school year in the Student Record Maintenance Collection as part of the appeals window.

For the Race/Ethnicity and Gender subgroups, a student will be identified in these subgroups by the last certified submission of the PEPE. However, the following data fields cannot be changed:

- Economically disadvantaged status
- Migrant status
- Limited English proficiency status
- Special education status
- Homeless status
- Foster care status
- Military-connected status
- Early/middle college status

Appealable rates are made available in the Graduation and Dropout (GAD) Application to districts based on the End-of-Year General Collection in August. Auditable rates are made available in October during the exit status audit window. From mid-October through late November, ISD auditors complete an exit status audit in which they record any audit findings as exit status changes. These changes modify the cohort status accordingly. Auditors could also submit exit status changes for any student last reported in the prior three school years.
