Dear Neighbor,

My volunteers and I are in our community today to listen to your concerns to ensure that all voices are being heard in Lansing. If you have an issue you would like me to know about, please contact my office. Together we can build a better Michigan for all of us!

I hope we get a chance to talk.

Sincerely,

A handwritten signature in black ink that reads "Donna".

Working for You in Lansing and Here at Home! I'm Working on:

- **Increasing Broadband**

This has been a top priority of mine, as so many in our communities are without broadband. I'm working hard in Lansing to pass legislation to help expand affordable, reliable high-speed internet.

- **Affordable Health Care**

All Michiganders need access to affordable health care. I helped introduce the MI Health Care Bill of Rights to put state-level protections in place.

- **Safe, Quality Education**

A good education prepares our kids to be well-rounded citizens and provides them with skills they need to enter a 21st-century workforce. I support strong, well-funded public schools.
