MSDS Early Childhood Data Quality Snapshot

CEPI will be taking a snapshot and analyzing MSDS Early Childhood Collection data on February 5, 2015. To take advantage of this service, your data need to be error-free the day prior to the snapshot. We will send emails regarding possible data anomalies approximately 5 days after the snapshot so you can review potential issues and make adjustments as needed.

Please refer to the [Spring 2015 Early Childhood Collection Details Memo](#) for collection close and other pertinent information regarding this collection.

EEM: Are Your Records Up To Date?

Section 64b Claims

We have started receiving claims for Section 64b funds. Please be advised, these forms need to be submitted as the Excel worksheets rather than a pdf file. The data are imported from the excel sheet and validated against MSDS tables, and we are unable to import the data from pdf files.
