

Removal of 2013-14 Early Roster Data from MSDS

From: CEPI <CEPI@govsubscriptions.michigan.gov>

Subject: Removal of 2013-14 Early Roster Data from MSDS

Center for Educational Performance and Information

To prepare for the 2014-15 Early Roster Collection, CEPI will remove all 2013-14 Early Roster records from the Staging Area on Friday, May 2, 2014.

If you have any Early Roster data or reports you wish to keep, be sure to download and save your information by May 1. Once the data have been removed, users will no longer have access to Early Roster records or reports for the 2013-14 school year. Remember that these files and reports contain confidential information and must be saved in a secure location on your local system. After the data is removed from staging, it is not possible for CEPI to re-create your data submission based on the data stored in our system. This will be the final chance you will have to retain these files.

The 2014-15 Early Roster Collection will be available for users starting Monday, May 5, 2014. Districts may choose to report their expected student roster for fall 2014 beginning at that time.

If you have any questions, please send an email message to CEPI customer support at CEPI@michigan.gov or call (517) 335-0505 and select option 3. Please provide your name, telephone number (including area code and extension), district code and district name (if applicable) along with your message.

Thank you,

CEPI
