DATE: May 21, 2013
FROM: Allan Pohl, Finance and Administrative Services Director
SUBJECT: Boilerplate Section 230

Boilerplate Section 230 of PA 200 of 2012 requires that by October 31, 2012 the Department of Licensing and Regulatory Affairs (LARA) identify 10 principal measurable outcomes affected by expenditures for funds appropriated in part 1 and provide a report to the House and Senate Appropriation Committees, House and Senate Fiscal Agencies, and the State Budget Director ranking the outcomes by level of importance and contain current data on these outcomes.

These outcomes can be found on the DLARA website
(http://www.michigan.gov/openmichigan/0,4648,7-266-58521_60201_60963---,00.html).

In addition, "...beginning on April 1, 2013 the department shall provide biannual updates to the house and senate appropriation committees on changes in those measurable outcomes and departmental effort to improve the outcomes."

As of April 1, there have been no changes to the LARA outcomes. However, LARA continues to work with program staff to find potential ways to improve the outcomes.
