NEW BUSINESS

Subpoena Authority vs Patient Confidentiality (In re: *Maryland State Board of Physicians v Eist*)

Board members were provided with a copy of the decision rendered by the Maryland Court of Appeals in this matter and AAG Wagner-Gutkowski indicated that this case is in line with Michigan's current language. She reminded the Board that the Public Health Code states that a physician shall not fail to respond to a subpoena.

Department Update

Ramsdell advised that Governor Snyder issued an executive order that moves the Bureau of Health Professions to the newly-created Department of Licensing and Regulatory Affairs. She advised that this will not affect the day-to-day operations of the Bureau nor will it affect the Board.

Ramsdell referenced a report that she recently received from the Public Citizens advocacy group regarding the discipline of physicians amongst the states' medical boards. She indicated that this group sent a letter and forwarded this report to Secretary Kathleen Sebelius of the Department of Health and Human Services. Ramsdell indicated that she would e-mail this information to the Board.

Ramsdell advised that Governor Snyder has appointed two public members and one professional member to the Board and that those members would begin serving at the May meeting.

Ramsdell further advised that the following Board members have an excused absence for today's meeting: George Shade, Theresa Fraley, Lynn Larson and Frank Raines.
