### **Chairperson's Report**

The most significant item this past year was the release of the Office of Regulatory Reinvention (ORR) report which, among other things, recommended that respiratory therapists be de-licensed and that the Board be dissolved. Indiana considered a similar

proposal and their Regulated Occupations Evaluation Committee (ROEC) voted 5-0 to retain RCP licensure at their Oct 24 meeting.

Highlights of committee activities this year include:

- **Rules Subcommittee** (Chair-Haas):

The major project of this committee has been the development of the Continuing Professional Development (CPD) program. Unfortunately, the ORR report recommendations have stopped all work on this project until it is determined whether Respiratory Therapists will continue to be licensed, and if so, whether we can proceed with the CPD rules development process, or whether we need to wait to be given legislative authority to do so.

- **Professional Practices Subcommittee** (Chair-Darin):

Ramsdell reported that questions were drafted a year ago that dealt with unlicensed home health care. Most questions were resolved and did not require their inclusion on the Department's website as Frequently Asked Questions (FAQs); however Ramsdell will share the original questions/answers with the Committee.

- **Disciplinary Subcommittee** (Chair-Monks):

There were 3 cases heard; 1 case resulted in a fine and recertification in BLS, and the 2 other cases resulted in dismissal of previous consent orders. There were 3 cases for consideration at today's DSC meeting.

Board members may attend the State Licensure Liaison Group Meeting sponsored by the National Board for Respiratory Care (NBRC) and the American Association for Respiratory Care (AARC). The NBRC pays for 1 person from each state to attend, but encourages more to attend if desired. Board member Julia Prins attended this year's event. As an NBRC Board member and chair of the sponsoring committee, Haas was also in attendance.

Haas thanked Kehr and Abramson, whose terms of office will end on December 31, 2012, for their committed service on the board.

## **Department Update**

Lind informed the board that two current bureaus will be combined as the new Bureau of Health Care Services (BHCS), effective Tuesday, November 13, 2012. Lind will update the board with additional information as it is known.

Lind reported that there are currently 5,178 Respiratory Care Therapists licensed in Michigan.
