1. This statement of service is furnished under the provisions of the act of Congress approved July 11, 1919.

2. This statement is furnished primarily for historical and statistical purposes, although it may be used in adjudicating cases in which the State is solely concerned. It is not to be used before a court of justice or in support of any claim against the Federal Government. The law prohibits the furnishing of any information that may be used in the prosecution of a claim against the Government, except to the proper Government officials.

3. Applications from individuals, other than historians and statisticians, for information from this statement of service will be denied and the applicant directed to apply for the information to The Adjutant General of the Army, who is the custodian of the official records of the Armed Forces of the United States. Exceptions to this rule may be made in the case of officials and patriotic societies and associations when it is known positively that the information is to be used exclusively for the purpose of a claim against the Government, or to the injury of the soldier.

4. Except as hereinbefore provided, all persons seeking information relative to the military and medical histories of the Army should be made available to persons who might perpetrate frauds upon the Government, or who might seek to injure the soldier.

5. The data contained in this statement have been prepared from the Selective Service Records.

6. Some Selective Service Records show age at registration, while others show date of birth. The entries recorded herein are in the same form as those on the record from which they are taken.
