### Annual Education Report Available to Public

The Center for Educational Performance and Information is pleased to announce that the following report is available at [www.mischooldata.org](http://www.mischooldata.org).

- [Annual Education Report](#). 2014-15 School year data are available to the public. The Annual Education Report (AER) provides the public with detailed information on teacher quality, student assessment and accountability for schools, districts, and the state in one convenient place.
- During preview of the Annual Education Report (AER) an anomaly was reported and fixed on 3/14/16. We suggest that anyone who previewed their AERs before that date, return to the AER site and review the current version of your AERs, then make any adjustments needed in your cover letters.
- The embargo on districts and schools prohibiting them from publicly releasing this information is lifted. LEAs and schools are encouraged to disseminate cover letters and Annual Education Reports unique to their district and each school.
