CANCER: COLON

1989

~~XXXX~~
~~1990~~

- DC-FDA approves new colon cancer drug levamisole Je 23 A 2-1
S 23 A 1-1
- London-Daily beer drinkers 12 times more at risk of developing colon cancer than nondrinkers. O 3 A 3-1
- New combination of drugs could slow deathrate for 2nd-leading cancer killer O 26 C 1-5
- Cholesterol's tenuous link to colon cancer-Moore N 24 A 3-1
- Drug derived from CHinese tree can wipe out tumors in lab mice with human colon cancer.
- 1990 Ap 18 A 5-1
- High fiber diets may cut down cancer risk

-1990-

Je 21 A 3-1

FDA approved the drug levamisole for advanced cases of colon cancer.

S 24 A 4-1

About 17% of colorectal cancer cases among elderly Amers could be prevented if they underwent screening test every yr.

D 13 A-1-6

Study links red meat to colon cancer.

-1991-

Mr 20 A-2-1

Former Pres Reagan's bout with colon cancer may have saved lives & permanently lowered disease's death rate

S 18, A-3-5

DC-Exercise deters colon cancer and keeps heart healthy

O 21, A-3-1

DC-May be caused from eating meat grilled or fried at very high temps

Aspirin use may lower risk-Angell --1992^{D 5, A 16-1} --Mr 5, A-2-6
Boston-Reported that routine screening conducted in doctors
office reduces risk of older people of colon,rectal cancer

Ap 6 A 9-5

Baltimore-Gene tests may aid early detection of colon
cancer -1993- Mr 10 A 2-6

Rochester, Minn - Hemoccult test is practically worthless.
My 6 A 5-5

DC - Researchers discovered general location of a defective
gene that identifies people with a 95% probability of get-
ting an inherited form of the cancer. My 13 A 5-5
Boston-New study suggests \$7 test for colon cancer could
save 19,000 lives annually

-1993-

Je 02 A 5-1

Wash-Anti-cancer benefits of fruits and vegs. erased by drinking alcohol in colon cancer prevention

D 3 A 1-5

Mutant gene that causes colon cancer & kills thousands of Amers ea yr has been captured, cloned, researchers reported

D 30 A 5-1

Boston-Research says removal of intestinal polyps lowers risk of colon cancer -1994-

F 2 A 5-1

DC - Study shows that smoking can lead to colon cancer.

Mr 17 A 5-5

2nd colon cancer gene identified

Ag 15 A 5-5

Boston- Aspirin may prevent colon cancer

Colon cancer tends to run in the family

Ja 29 A-2-2

NY,NY-One-time colorectal cancer screening

-1997-

Mr 19 A-2-1

Chicago-Healthy colons can be removed as a pre-emptive measure for those whose genes increase their risk of cancer

Mr 20 A-9-1 nodot

Study shows doctors misinterpreted genetic test results for nearly one-third of those tested for colon cancer gene

Ag 26 A 5-5

Baltimore-Genetic defect found that increases risk of colon cancer

S 08 E 2-1

Discovery of "Jewish" cancer gene that increases risk of colon cancer is controversial among Jews

1998

N 03 A 5-1

DC-Research found genetic change that could predict up to 40% of colon cancer cases

1999

Ja 21 A 5-2

Boston-Study says fiber doesn't lower risk of colon cancer ;but can reduce heart disease,high blood pressure

Ja 21 A 5-5

Findings of study that found no proof fiber-rich foods cut colon cancer risk

F 19 A 5-1 3 Dot

Atlanta-only 30% of Americans 50+ have been tested for colorectal cancer

Mr 3 A-5-2

Screening for blood in the bowel would reduce colon cancer deaths by a third.

Je 06 B 8-4

Former Tiger, Eric Davis recovered from colon cancer; to visit 17 cities, part of his campaign for cancer screening- Webster
