Free Application for Student Aid Workbook Reporting Deadline

The [Free Application for Federal Student Aid workbook \(Section 245\)](#) is available on the CEPI website. This will assist public universities in meeting the requirement of Section 245 of the State School Aid Act of 1979, which requires public universities to annually report to CEPI the number and percentage of all enrolled students who complete the FASFA, broken out by undergraduate and graduate/professional classifications, by the first business day in November.

Upcoming Changes to CEPI Website

The State of Michigan is in the process of changing to a new website content management system. While the content of the CEPI website will mostly remain the same, the look of the site will change.

- The vertical navigation menu will be replaced with a horizontal menu bar.
- Current URLs will be replaced with “friendly” URLs. For example, michigan.gov/cepi/0,4546,7-113-986---,00.html could become michigan.gov/cepi/k12/
- The color scheme will change to be consistent with SoM websites.

The links and content for CEPI's [applications](#) will not change. Users will continue to log in through MILogin at the same URL as before. Likewise, MI School Data will not be affected by the change.

Old links and bookmarks for the CEPI website should automatically forward to the new URLs.

The goal is to complete the changeover by the end of 2021. We will send a follow-up note once we have a firm go-live date.

Important Information on UICs

The Michigan Department of Labor and Economic Opportunity works closely with CEPI to monitor data on postsecondary student success, which is critical information as the state works toward its [Sixty by 30 goal](#). UICs (student identifiers) are key to connecting these data so policymakers can make informed strategy decisions.

For more detailed information on acquiring student UICs at the time of enrollment, ensuring your student information system

contains primary UICs, and links to UIC resources, please see the [June 2 edition of the IHE Announcements](#).

MI School Data News
