Student-Level 2016-17 M-STEP Data Available to Secure Users

This message is being sent to MI School Data secure users only.

The Grades 3-8 and High School Performance level reports have been updated with 2016-17 student-level M-STEP data. The data are **EMBARGOED** until the public release of spring 2017 assessment results later this summer. Districts and schools will be notified by MDE when the embargo has been lifted.

While embargoed individual student results may be shared with parents at this time, it is **NOT** permissible to share any results with the community, or other external parties until the embargo is lifted by MDE. School Board meetings are open meetings; therefore, sharing embargoed assessment results at these meetings is not permissible. School, District and State level aggregate data will be made available later this summer.

For questions related to the MI School Data reports, please send an email to cepi@michigan.gov or call 517-335-0505 x3. For questions related to the data in this report, please send an email to baa@michigan.gov.
