## **Advisory Committee on Pain and Symptom Management (ACPSM) Presentation**

Affholter shared a Michigan Advisory Committee on Pain and Symptom Management (ACPSM) 2013 CE/CME Recommendation via PowerPoint presentation with the Board and distributed a paper copy of both the CE/CME recommendation as well as the regulatory requirements per MCL 333.16204 and MCL 333.16204a. This 2013 recommendation updates the ACPSM's 2002 recommendation. She pointed out that the Michigan Board of Acupuncture "shall take into consideration the recommendation for that health care profession by the . . . advisory committee created in section 16204a."

Affholter also made available the new MAPS poster, the ACPSM's pain tool kit for health professionals, and other pain related information.

## **Department Update**

Lind announced that Senate Bills 575-578 were signed into law (Public Acts 95-98), and she gave a brief introduction of the new laws and their impact on the Board. These laws went into effect July 1, 2014. One of the bills amends the allegation review procedures and requires two Board members to review all allegations in addition to the Chairperson.

Lind updated Board members about SB 597, a bill that would require all health professional licensees to complete training in recognizing the signs of Human Trafficking. This requirement would apply to both original and renewal licenses.

Lind shared the statute that provides title protection to Acupuncturists. Clearly, the statute does not permit someone to call themselves an acupuncturist (or similar name) unless they are registered. Further, although a request has been made for the Attorney General's office to provide updated guidance regarding dry needling, this guidance has not yet been received.

## ***PUBLIC COMMENT***

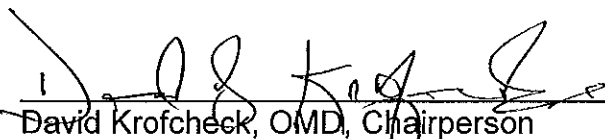

Bernie Youngblood, Priorclave North America, asked the board to consider what would happen if an Acupuncturist practiced without doctor's supervision; what penalties there are for an Acupuncturist who practices without a license; and if an Acupuncturist is required to have doctor supervision, where can the public go to seek out the qualified doctors that supervise Acupuncturists?

## **ANNOUNCEMENTS**
