2014-15 Student Testing Reports Release Update

The Center for Educational Performance and Information (CEPI) is pleased to announce the following updates for the planned release of 2014-15 student testing reports on www.mischooldata.org.

Student Testing Reports Planned Release for Late Fall of 2015

- In the 2014-15 academic year, Michigan moved the state assessment program to the late spring and replaced the MEAP assessment with the M-STEP assessment. In past years, the MEAP and MI-Access tests were administered to students in the fall. This year, both the M-STEP and MI-Access test windows were moved from October to May and June. Because the test administration was later in the school year and additional work was involved in scoring the new M-STEP test, public results for the 2014-15 tests will not be available until the late fall of 2015 on MI School Data. High school test results for ACT and 11th grade M-STEP will be available on MI School Data at the same time.

Annual Education Report (AER) Planned Release for Late Fall of 2015

- It is anticipated that the data necessary for the creation of the [Annual Education Report](#) will not be available until the late fall of 2015. At that time, the general report information, cover letter templates, and combined report data at www.mischooldata.org will be updated to reflect the 2014-15 school year information.
